I'm not sure I understand, but if you and Liz are ok, then it's fine by me. Just make sure the credit ledgers work out so things don't get double counted.

Got a call from CDFW re: Petersen Ranch mitigation bank.  
Apparently, Newhall Ranch is working w/ USFWS to do an introduction of the state endangered San Fernando spine flower on the upper buffer region of Elizabeth Lake which is on Petersen Ranch MB property. Newhall will purchase 6 acres of credit from Corps. CDFW will do an amendment to the banking agreement and make those credits unavailable for sale.

It sounds ok to me. Corps seems ok with it. Any concerns?
